- Dean's Academic Honor List: Fall 2022, Spring 2023, Fall 2023, Spring 2024, Fall 2025, Spring 2025

EXPERIENCE

Kohler Co.

May 2025 – August 2025

IT Digital Product Management Intern

- Developed and executed an A/B test on Kohler.com to display in-stock alternatives for out-of-stock products, improving user experience and driving a projected \$597K in monthly incremental revenue through increased add-to-cart rates.
- Audited and optimized 230+ Adobe Target recommendations by standardizing naming, removing low-relevance content, and building a centralized database of recommendation logic – streamlining recommendation creation and strengthening data governance.
- Led an A/B test to reposition sustainability badges on product detail pages, increasing customer engagement with Kohler's environmental initiatives and impacting over 250,000 unique monthly visitors.
- Leveraged Adobe Analytics to prioritize and validate 30+ testing initiatives, enabling data-driven decision-making and maximizing ROI from digital optimization efforts across the site.

Remington Hospitality

May 2024 – August 2024

IT ETL Developer Intern

- Developed and implemented ETL processes using Talend, creating new data tables to improve business user decision-making.
- Authored business requirement documentation and design documentation for projects, ensuring alignment with business needs.
- Facilitated cross-functional meetings with accounting leaders to reorganize and optimize Oracle ERP transactional reports, enhancing reporting efficiency.

ADDITIONAL

- **Computer Skills:** Python, SQL, Power BI, R, Adobe Target, Jira, Tableau, Talend, AI, Prompt engineering, Vibe coding
- **Certificates/Awards:** Certified Associate Project Manager, Girl Scout Gold Award, President's Volunteer Service Award, Representative for Baylor at the national Leadershape Convention
